Shotgun

Sabaton

The dark compulse me every day
The countdown has begun
I am your master, number one
Realizing pain

I was whole in the underworld
To live by Satan's will
A creature of unholy pain
The vengeance is my name

I walk alone the path for evil
I'm Satan's number one
Taste my fury, take my vengeance
Now it's time to die

I'm bringing out the shotgun!

I am a breaker of this world
Destruction is my name
Bringing pain and infamy
Into the face of man

I walk alone the path for evil
I'm Satan's number one
Taste my fury, take my vengeance
Now it's time to die

I'm bringing out the shotgun!

The dark one haunts me every day
The countdown has begun
I am your master, number one
Realizing pain

I walk alone the path for evil
I'm Satan's number one
Taste my fury, take my vengeance
Now it's time to die

I'm bringing out the shotgun!

I'm bringing out the shotgun!
