

The Carolean's Prayer

Sabaton

Far beyond their nations' borders
There's an army on the march
For religion, knng and glory
In the name of Christ their enemies chastise

Taking orders from the heavens
Through hostile fire they will march
Unaffected by the volleys
Facing death their faith will keep their fear at bay

Into battle facing the fire, Lord thy will be done
Into battle walk in a line

See the white in their eyes, Caroleans are marching on
Put their lives in God's hand for their kingdom and
fatherland
See the white in their eyes, Caroleans are marching on

Morale and discipline unites them
A common faith to keep them strong
Always on their way to heaven
In the name of Christ their enemies chastise

Fader vår som är i himmelen helgat varde ditt namn
Tillkomme ditt rike ske din vilja
Såsom i himmelen så ock uppå jorden, ge oss bröd ock
idag
Och förlåt oss våran skuld

Fader vår, som är i himmelen
Helgat varde ditt namn
Tillkomme ditt rike
Ske din vilja,
Såsom i himmelen så ock på jorden
Giv oss idag vårt dagliga bröd
Och förlåt oss vårans skuld

Ahead, facing the lead
An army of Swedes, performing God's deeds
Showing no fear, their judgement is near
Making their sacrifice
When the king and his men
Their enemies sight, prepare for the fight
Banners held high, ready to die
Hear how they praise the Lord
