

4 Life

Sabina Ddumba

You don't gotta worry bout me staying out
I'm only tryna make it for us
I know it's feeling like forever
But I promise that I'm not giving up
I'll be coming home before you'd know it
I'll be in your arms
We'll be laying still inside the silence of our love
Wherever we are

You give me everything
And I give it all to you
I don't know where I would be
I don't know what I would do
Without you

I'll go wherever you go
High or low, I need you in my
I want whatever you want, mmh
'Cause I need you in my life
My life, for life
I need you in my life
My life, for life
I need you in my

Isn't it amazing how we found each other
Baby, it's a million to one
And I know it really isn't complicated
As long as we're together holding on
I can see a picture of forever
And it's paradise
You and I together on a sunny side of living
It's a beautiful life

You give me everything
And I give it all to you
I don't know where I would be
I don't know what I would do
Without you

I'll go wherever you go
High or low, I need you in my
I want whatever you want, mmh
'Cause I need you in my life
My life, for life
I need you in my life
My life, for life
I need you in my

Even if the sky is open for the pouring rain (for the pouring rain)
You don't have to worry I won't walk away (I won't walk away), I won't walk away
'Cause I got every reason on this earth to stay, mmh
Baby, it ain't living anyway, without you

I'll go wherever you go
High or low, I need you in my
I want whatever you want, mmh

'Cause I need you in my life
My life, for life
I need you in my life
My life, for life
I need you in my life
My life, for life
I need you in my life
