

Can't Stop Loving You

Sabina Ddumba

Why can't I stop loving you
When you hurt me so bad? Damn
Why can't I stop loving you?
Even though you treat me like that
Tell me

You got some kind of hold on me
How does your love keep controlling me, baby
I feel like with you, I'm so weak
Weak to the bone, on my knees

Now every time I leave I come back
Tell me, tell me why I do that?
Why you got a hold on me so tight?
Tell me

Why can't I stop loving you
When you hurt me so bad? Damn
Why can't I stop loving you?
Even though you treat me like that
Tell me

Do I just love being your fool?
Do you just love treating me cruel?
I don't know why you do what you do to me
Do you love seeing me cry?
Do you even ever try?
Tell me why, oh, tell me why?

With you I don't know what to believe (what to believe)
Your words and your actions are completely different things, baby
Why is the love I got for you [?]
You became the air I breathe, please stop suffocating me

I always come back
Tell me, tell me why I do that
Why you got a hold on me so tight
Tell me

Why can't I stop loving you
When you hurt me so bad? Damn
