

# Conversation

Sabina Ddumba

What's on your mind?  
I can see that you're thinkin' right now  
What's deep inside?  
Oh if you wanna tell me what's wrong?  
I feel there's a distance right now  
Oceans apart, no, I don't wanna

I think you know, I think you really know  
It ain't the rocket science what I need from ya  
I think you know, I think you really know  
There is a time for silence, now's the time for talk

Let's have a little conversation, mmm, conversation  
Just a little conversation 'cause I can't read your mind  
Ooh, I need a a conversation, mmm, conversation  
Just a little conversation, before I lose my mind

Is it so hard to unlock the chains to your heart  
Not the one judge, no I'm not gonna  
Why don't you try? So many levels to climb  
Not here to preach, nah, if you wanna

I think you know, I think you really know  
It ain't the rocket science what I need from ya  
I think you know, I think you really know  
There is a time for silence, now's the time for talk

Let's have a little conversation, mmm, conversation  
Just a little conversation 'cause I can't read your mind  
Ooh, I need a a conversation, mmm, conversation  
Just a little conversation, before I lose my mind

'Cause I can't read your mind  
I'm 'bout to lose my mind  
'Cause I can't read your mind  
I'm 'bout to lose my mind

Tell me what's on your mind, baby, just take your time  
Let's have a conversation, I know you're vintage like fine wine  
I know this could be for life, the feeling, it feels so right  
I'ma be right outside I'm waiting for you to be by my side

Just call up, I'm waiting for you, baby  
Just to roll up, let's drink away  
I don't wanna be sober  
When you're on my mind  
You know I will stay focused  
Never bogus, I want you, yeah

Let's have a little conversation, mmm, conversation  
Just a little conversation 'cause I can't read your mind  
Ooh, I need a a conversation, mmm, conversation  
Just a little conversation, before I lose my mind

'Cause I can't read your mind  
I'm 'bout to lose my mind  
'Cause I can't read your mind

I'm 'bout to lose my mind

I'm losing my mind, my mind, my mind, my mind
