

# Effortless

So effortless

Everything feels brand new  
Whenever I'm here with you  
I don't wanna be nowhere else  
But I guess you can already tell  
It's feeling just like one love  
Is pulling up both of us  
No matter what seasons do  
I'm always gonna roll with you

Cause we float like the river, oh  
Bring sweet to the bitter, oh  
If we fall then we get up, oh  
We don't even try  
Cause through it all  
It's effortless  
So effortless  
It's effortless  
We don't even try, not at all  
Not at all, so effortless, yeah

I'm gonna invest in us  
I'm feeling like you're good luck  
Like a, like a billion dollar trust  
That's just about to open up  
We're glowing like bright sunlight  
Cause happiness just abides  
As long as we keep this tide  
It's gonna be an easy ride

Cause we float like the river, oh  
Bring sweet to the bitter, oh  
If we fall then we get up, oh  
We don't even try  
Cause through it all  
It's effortless  
So effortless  
It's effortless  
We don't even try, not at all  
Not at all, not at all  
So effortless

No we don't work hard  
Cause we don't gotta  
Cause you and me don't get in that drama  
No we don't work hard  
Cause we don't gotta  
Cause you and me don't get in that drama  
No, no, no, no

Cause we float like the river, oh  
Bring sweet to the bitter, oh  
If we fall then we get up, oh  
We don't even try  
Cause through it all  
It's effortless

So effortless  
It's effortless  
We don't even try, not at all  
It's effortless  
So effortless  
It's effortless  
So effortless
