

# Wannabe

Sabina Ddumba

Ooh, I know that I can be too much  
Might not have the lightest touch  
Yeah, I could give you what you want  
But I just couldn't give a fuck  
Cuz I don't wanna let me get effected  
Won't be torn in different directions  
I draw the line what's on my mind feelings aligned

I'm like a flower  
Turned to the sun  
Take back my power  
I take what is mine  
And you just can't see it  
The rules that cut deep  
Finally I know what's underneath

Maybe I'm out of line  
But I feel so amazing  
Curity in my mind  
Looked what I've created  
Yeah, it took some time  
Learning what I'm like  
Imma be, Imma be, Imma be ooheee

Keep on talking to the wind  
But you won't get under my skin  
Baby, I got peace of mind  
You won't get a piece  
Sorry if I'm not what you expected  
Won't be torn in different directions  
I draw the line what's on my mind feelings aligned

I'm like a flower  
Turned to the sun  
Take back my power  
I take what is mine  
And you just can't see it  
The rules that cut deep  
Finally I know what's underneath

Maybe I'm out of line  
But I feel so amazing  
Curity in my mind  
Looked what I've created  
Yeah, it took some time  
Learning what I'm like  
Imma be, Imma be, Imma be ooheee

Wannabe me  
Wannabe free  
Wanna believe  
Want it skin deep  
What I'm singing

I wannabe me  
I wanna achieve  
I wanna succeed

All of your speed

Maybe I'm out of line  
But I feel so amazing  
Curity in my mind  
Looked what I've created  
Yeah, it took some time  
Learning what I'm like  
Imma be, Imma be, Imma be ooheee

Wannabe me  
Wannabe free  
Wanna believe  
Want it skin deep  
What I'm singing

I wannabe me  
I wanna achieve  
I wanna succeed  
All of your speed

Wannabe me  
Wannabe free  
Wanna believe  
Want it skin deep  
What I'm singing

I wannabe me  
I wanna achieve  
I wanna succeed  
All of your speed
