

Your Love

Sabina Ddumba

You got caught up in a rut, no
Instead of where you are, yeah
You gotta have some patience
When it takes too long

You been in a rush, stop
That ain't who you are, no
Searching for forever love, don't make it wrong

Maybe it's too soon (too soon)
To know why we do (we do) what's inside

Your love, I'll call you when I need it, hmm
My love, as sure as every season
And I won't run from what I feel when
I get lost in hopeless dreamin'

Nothing else above it that's where I'm headin' now
Only thing I know is keep on keepin' on
How to be strong on a weekday
When it's out of reach
If you can see forward when it's easy

Maybe it's too soon (too soon)
To know why we do (we do) what's inside

Your love, I'll call you when I need it, hmm
My love, as sure as every season
And I won't run from what I feel when
I get lost in hopeless dreamin'

Your love, I'll call you when I need it, hmm
My love, as sure as every season
And I won't run from what I feel when
I get lost in hopeless dreamin'

Your love, I'll call you when I need it, hmm
My love, as sure as every season
And I won't run from what I feel when
I get lost in hopeless dreamin'
