

Don't Make Me Wait

Sabrina Claudio

Kiss me
I'm in need of
Assurance
Hold me
I've been wondering
Where you been

It's been way too long
Been so many days
You're where you belong
Please don't make me wait

Tell me (Tell me)
You missed it (You missed it)
You daydreamed (You daydreamed)
About it
Touch me (Touch me)
In places (In places)
You wanted, but couldn't
And now that you could, then

It's been way too long (Way too long)
Been so many days
You're where you belong
Please don't make me wait

I been fiendin' for your lovin'
Tired of waitin', give me something
Would you hold me? Maybe kiss me?
I've been wonderin', did you miss me?
I been fiendin' for your lovin'
Tired of waitin', give me something (Give me something)
Would you hold me? Maybe kiss me?
I've been wonderin', did you miss me? (Did you miss me?)
