

# I Just Melt

Sabrina Claudio

Lovin' you is my present  
Nothing else that I need  
In your arms I'm in Heaven  
Wrap me up, baby, please

Mistletoe, come kiss me slow  
Give me feels I've never felt  
It could snow, I wouldn't know  
'Cause when I'm with you

I just melt  
I just melt

Peace on Earth for a moment (For a moment)  
Stars set the mood for the night (For the night)  
You and I we are more than (We are more than)  
Any little thing I could buy

Mistletoe, come kiss me slow  
Give me feels I've never felt  
It could snow, I wouldn't know  
'Cause when I'm with you

I just melt (Oh-oh, ooh-ooh)  
I just melt (Ooh, ooh-ooh-ooh)  
I just melt (Melt, melt, melt, melt)  
I just melt (Hmm, hmm-hmm, hmm-hmm)

Lovin' you is my present  
Nothing else that I need  
In your arms I'm in Heaven  
Wrap me up, baby, please
