

# Truth Is

Sabrina Claudio

I don't feel you  
I ripped the last page out  
I don't even get jealous when you mention other women  
I don't, I don't  
And I don't miss you, I'm doing better now  
I don't even think of calling  
'Cause I never feel like talking, I don't  
I don't need you  
But I need you

Truth is I'm dishonest  
'Cause I'm always scared to get too deep  
Truth is that I want this  
'Cause I always see you in my sleep  
Truth is that I love you, mm  
Even when I'm trying not to

When I touch me, I'm more than someone else  
I don't even think about you  
Reminisce it, wish I had it  
'Cause it wasn't even that good  
Wasn't even that good  
Forget you, I can't forget you

Truth is I'm dishonest  
'Cause I'm always scared to get too deep  
Truth is that I want this  
'Cause I always see you in my sleep  
Truth is that I love you, mm (Truth is that I love you)  
Even when I'm trying not to

Need you, but I need you  
Forget you, I can't forget you

Truth is I'm dishonest  
'Cause I'm always scared to get too deep  
Truth is that I want this  
'Cause I always see you in my sleep  
Truth is that I love you, mm  
Even when I'm trying not to

Need you, but I need you  
Forget you, I can't forget you
