

Used To

Sabrina Claudio

Last night I was thinking
About the time when I was weakened
When I let you take advantage
Those were the times
Those were the times

This morning I was remembering
About the times when I became more stubborn
And when I decided that I was stronger
Than how you made me feel
Those times are real

I used to lose myself so I can find you quicker
I used to lose myself so I can love you better

I used to lose myself so I can find you quicker
I used to lose myself so I can love you better

I used to lose myself so I can find you quicker
I used to lose myself so I can love you better
