

Shallala

Sabrina

Shallala eeh... Shallala eeh...

I'm your angel, crazy angel
I'm your brother, I'm your family
I'm your sister, flying system
I'm your father and I'll make you feel

This paradise is like hell
So you can try, so you can try, so you can try
And you will see all this world
Playing around and upside down

Try me once, you'll never leave me alone
'Cause I'm Shallala eeh lalallalaeheh, lalallalaeheh, lalallala
Try me once, you'll never leave me alone
'Cause I'm Shallala eeh lalallalaeheh, lalallalaeheh, lalallala
Shallala... Shallala...

Full of poison, you are an artist
And I'll make you what you want to be
I'm an actress, so don't trust me
You just need me, run away with me

This paradise is like hell
So you can try, so you can try, so you can try
And you will see all this world
Playing around and upside down

Try me once, you'll never leave me alone
'Cause I'm Shallala eeh lalallalaeheh, lalallalaeheh, lalallala
Try me once, you'll never leave me alone
'Cause I'm Shallala eeh lalallalaeheh, lalallalaeheh, lalallala
Try me once, you'll never leave me alone
'Cause I'm Shallala eeh lalallalaeheh, lalallalaeheh, lalallala
Try me once, you'll never leave me alone
'Cause I'm Shallala eeh lalallalaeheh, lalallalaeheh, lalallala

Essaye-moi, jouer
Goûtes-moi, délirer
Avaies-moi, flotter
Leches-moi, halluciner
Respire-moi

Try me once, you'll never leave me alone
'Cause I'm Shallala eeh lalallalaeheh, lalallalaeheh, lalallala
Try me once, you'll never leave me alone
'Cause I'm Shallala eeh lalallalaeheh, lalallalaeheh, lalallala
