

# Divide & Conquer

Sacred Reich

Pitting one against the other  
Stoking the flames to divide  
Building a wall between self and others  
Having to choose just one side  
Focus on things that don't matter  
Turn a blind eye to the truth  
An endless stream of worthless chatter  
Mindless diversion no use

Divide and conquer  
Divide and conquer  
Divide and conquer  
Divide and conquer

Race, religion, color or nation  
Reasons to kill, take your pick  
A history of self-immolation  
Amazing that we still exist  
Fueling the fire with disinformation  
Ignorance and fear reign supreme  
Filling others with only distrust  
Shattering all of our dreams

Divide and conquer  
Divide and conquer  
Divide and conquer  
Divide and conquer

This is how it's always been done  
More dangerous words don't exist  
You'd think by now we'd have learned our lesson  
But still the condition persists  
Divided we fall, our power diminished  
Far easier to control  
The few again have conquered the masses  
A story that's centuries old

Divide and conquer  
Divide and conquer  
Divide and conquer  
Divide and conquer

Divide and conquer  
Divide and conquer  
Divide and conquer
