

## Jew the Eternal

Sad Harmony

The golden jew, immortal pariah  
Carries the world on his back  
Easily wrecked by an atom  
Traacherous science man

Yarmulke blazing his think-piece  
Side-whiskers scrambling his heart  
Hatefulness, tremor and old age  
Veined hand of wisdom's man

Arise and fly off to sun  
Or bury your corpse into earth  
Alcohol jealous is only  
And every cup overflows
