

# Move On First

Sadie Jean

These nights I've been staying in  
On red wine and adrenaline  
While you're out on the west side  
Now I know what it feels like  
To be someone that I've never been  
Saying it's fine, this time it's different  
'Cause I sleep on the fault line  
Waiting on the landslide  
'Cause I know that one day

You'll get drunk at 2 AM  
Meet someone who makes you laugh  
I know you'll be happier  
It's all that you deserve  
You'll take her home just like that  
You'll pick up where we left  
And you'll fall in love with her  
But before you do, just let me move on first

I don't know if I can take  
Hearing through a friend that you went on a second date  
Head caught in a spiral  
Laughing right now, can't the ground just open up?  
'Cause I know what it feels like  
To be on side of the losing team  
Stressed out and I'm so scared  
That I'm gonna go back there when she shows up some day

You'll get drunk at 2 AM  
Meet someone who makes you laugh  
I know you'll be happier  
It's all that you deserve  
You'll take her home just like that  
You'll pick up where we left  
And you'll fall in love with her  
But before you do, just let me win

You're all asleep  
Just me without laying on your chest  
I'm begging, please  
Just let me learn to look the other way  
I can't see you act your best  
When I'm obsessed in knowing that one day

You'll get drunk at 2 AM  
Meet someone who makes you laugh  
And you'll fall in love with her  
But before you do, just let me move on first
