

# Yokai

Sadistik

Okay okay okay I see Yokai everywhere I go  
Okay okay okay I see Yokai everywhere I go

Everywhere I go there is snow  
Life is so unfair I know  
Lady Snowblood bitching at me  
I'm unbearable  
Like Ivan The Terrible  
Both her eyes are peridots  
Sometimes I wanna tear em out  
They stare into my barren soul  
Assuming I'm Asami, Audition  
(Eerie, eerie, eerie)  
Let me put some needles on your skin  
(Kiri, kiri, kiri)  
On that Hara-Kiri feeling Irreversible  
Extinguisher to skull  
Watch me wrap these fingers around my throat  
I say, I say

Okay okay okay I see Yokai everywhere I go  
Okay okay okay I see Yokai everywhere I go

Slinking through Shibuya  
Singing Hallelujah  
Drinking sake  
Thoughts are black, I'm all Yakuza  
Ichi with the itchy finger  
My medullas on Medusa  
Twist em up like Kama Sutra  
Karma suits you  
Onibabas follow me like Onimusha
