

# Anarchy

Sadus

The bad has awakened  
The unholy has arrived  
Fear of the one  
From behind the shade of night  
Darkness reaches out, divine  
No one can refuse  
Every step beside you  
With a touch they all pursue

I walk along with evil  
Side by side a friend with death  
Show no sign of weakness  
Carry all upon my back

I am the one to be  
I will raise the damned  
I will conquer all that stand  
I rule man

Anarchy  
This is our destiny  
Is all I see  
There's no turning back  
Anarchy  
This life of misery  
Is what they need

Anarchy  
This is our destiny  
Is all I see  
There's no turning back  
Anarchy  
This life of misery  
Is what they need

Anarchy  
This is our destiny  
Is all I see  
There's no turning back  
Anarchy  
This life of misery  
Is what they need
