

Looking Up

SafetySuit

Call it a feeling
Call it a premonition
Things are about to go my way
You don't have to see it
Just believe it's coming
Some things are bound to change

Then I see twenty dollars in the street
High five the next person I see
Kick back to the guy with the sign, I'll be fine
I'd say things are looking up

I'd say they're looking up
Take all my trouble cause I had enough
I'd say they're looking up
And I'm feeling so fine
I'd say they're looking up
Take on whatever cause I'm feeling tough
You say I'm going down
But I'm feeling so fine

It's all in how you see it
Just a little bit of misdirection
Sometimes you gotta tell yourself
That the best is to come and the worst times are gone
See some see a rain cloud and say, "no"
I see a crop about to grow
Some see a cancer killing me
I see a couple IVs that I'll use, then I'll beat

Then I see twenty dollars in the street
High five the next person I see
Kick back to the guy with the sign, I'll be fine
I'd say things are looking up

I'd say they're looking up
Take all my trouble cause I had enough
I'd say they're looking up
And I'm feeling so fine
I'd say they're looking up
Take on whatever cause I'm feeling tough
You say I'm going down
But I'm feeling so fine

Don't know what's coming next
I got this feeling
Don't have the answers yet
But they're coming, they're coming
Don't know what's coming next
But I got this feeling
Don't have the answers
But I'd say things are looking up

I'd say they're looking up
Take all my trouble cause I had enough
I'd say they're looking up
And I'm feeling so fine

I'd say they're looking up
Take on whatever cause I'm feeling tough
You say I'm going down
But I'm feeling so fine

I'd say they're looking up
(I say we go back to the way that we were when we were younger)
I'd say they're looking up
I'd say they're looking up
(I say we go back to the way that we were when we were younger)
But I'm feeling so fine
