SAFIA

Do you wanna get through
You better believe that I think, that I think, that I think of you
But I'm hearing no sound
You better believe that I call, yeah I call just to figure it out

Still I think about you
Under the moonlight
The reminiscing holds me back
And on a cold night
I hear your voice glide through the cracks
So if it's alright
I need to learn to let you go

Are you giving me a
Resolution
Oh-oh, oh-oh-oh
'Cause I won't think like that

And every thought that I'd sink, that I'd sink, that I'd sink into (say you love me)
And through every door I would think, I would think, I would think of you

And I was broken
I put the pieces back by hand
Whatever hope went
To knowing you would understand
Under the moonlight
I never thought I'd let you go

Are you giving me a
Resolution
Oh-oh, oh-oh-oh
'Cause I won't think like that
Are you giving me a
Resolution
Oh-oh, oh-oh-oh
'Cause I won't think like that

Are you giving me a
Resolution
Oh-oh, oh-oh-oh
'Cause I won't think like that
Are you giving me a
Resolution
Oh-oh, oh-oh-oh
'Cause I won't think like that

Are you giving me a
Resolution
Oh-oh, oh-oh-oh
'Cause I won't think like that
Are you giving me a
Resolution
Oh-oh, oh-oh-oh
'Cause I won't think like that
