

## Ashes To Ashes (Chapter 11)

Saga

Watching  
Now I know what to do  
And waiting  
I will blacken the view  
I'll burn the oil  
Someday you'll understand  
I'm watching  
Watching your boats and planes  
And waiting  
Please don't try to explain  
I know what you've got buried in the sand  
First Chorus:  
Ashes to ashes and dust to dust  
It all comes down to who you really trust  
Ashes to ashes and dust to dust  
Why can't you say, you've finally had enough  
Watching  
We are not far away  
And waiting  
We can be there today  
I think it's time you had a change of plan  
I'm watching  
If you can't stop this yourself  
And waiting  
We will give you some help  
Your story ends with no one left to tell  
Ashes to Ashes  
Second Chorus:  
Ashes to ashes and dust to dust  
It all comes down to who you really trust  
Ashes to ashes and dust to dust  
Now what I do, I do for all of us  
Repeat First Chorus
