

Keep It Reel

Saga

Of all the deeds of daring-do
You think the daring dare to
Dream about the one who saves the day
The tiny grain of sands of
Times goes by a sight is just
A sigh until the image fades to gray
And if you change your mind you
Pause for thought but not the kind
Of thought that ever makes you look away
And as the curtain rises on the
New horizons keep your eyes on
Big screen magic on display
One look, you're hooked for the rest of your life
Just one look, you'll be hooked and you'll never know why
This is the here & now and
How it all comes down to you
Believing fantasy is here to stay
Now you see it now you don't forget
That what you see is what you get
The stage is set so make my day
Come inside, you've got nothing to fear
And tell everyone that you first say it here
Take a seat, tell me, how do you feel
Tonight is the night we'll keep it real
The tiny grain of sands of
Time goes by a sigh is just
A sigh until the image fades to gray
And as the curtain rises on the
New horizons keep your eyes on
Big screen magic on display
One look, you're hooked for the rest of your life
Just one look, you'll be hooked and you'll never know why
Come inside, you've got nothing to fear
And tell everyone that you first say it here
Take a seat, tell me, how do you feel
Tonight is the night we'll keep it real
Keep it real
This is the here now and
How it all comes down to you
Believing fantasy is here to stay
Now you see it now you don't forget
That what you see is what you get
The stage is set so make my day
Come inside, you've got nothing to fear
And tell everyone that you first say it here
Take a seat, tell me, how do you feel
Tonight is the night we'll keep it real
(repeat)
