

## One Small Step

Saga

Where are you now  
When I need you the most?  
Father-Don't you forget my cross  
We hope you're feeling better  
We know you've been under the weather  
We can put you back together  
But nothing lasts forever  
We hope you're feeling better  
You're a little bit under the weather  
If we put you back together  
Would you want to live forever?
