

Her Schlag

Sage Francis

Call me Xaul Zan, a person cursed to remain faceless
In a small van with curtains and it's her fame that makes
this
Even more grand it's all planned, the worst shame is i'm
paceless
Her doorman and I are on a first name basis

I kick the worst game in cases that are up close and
personal
I'm the utmost personable person who won't converse when
I don't have my curtains pulled
at least that's how I picture it.
