

Cereal Milk

Sage the Gemini

Ooh, ooh, ooh, ooh-ooh
Ooh, ooh, ooh, ooh-ooh
Ooh-ooh, ooh-ooh
Uh

Loving you's harder than it seems
When I see you, I can't breathe
Take my breath from inside of me
I can't wait 'til you find out what you're lookin' for
Promise that we can never look back let's just go far
(Holy shit)

How you expect me not to take that trip
While you lookin' like this?
Willing to take that risk
Bet your skin feel like silk
Skin tone cereal milk

I bet you don't know that when I be watchin' you
I can see you watchin' me too
I bet you don't know when niggas be jockin' you
I be right there jockin' you too
I bet you don't know that when I be watchin' you
I can see you watchin' me too
I bet you don't know when niggas be jockin' you
I be right there jockin' you too (Hey)

If I ever get you I'll be damned if I lose you
Wanna sip you 'cause you healthy, you could be my lil' Kombucha
This is more than a nigga just want me just to do you
And now that I made it, you be thinkin' that nigga Lucifer
I understand you ain't impressed by wealth
I understand, I took the needle from Cupid and shot myself
Don't act like you ain't got the face of an angel, I'm [?]
Please, don't act like you don't know T-Pain, girl (Ooh)
Hate it when you treat me like a stranger (Ooh)
Lovin' when you start to bring my name up (Yeah)
[?] from your head to your feet (I can't)
Knock it out the park, I'm in the Majors
Hands on your hips while I'm kissin' your naval
Wanna see your face so I'm watchin' like cable
Showin' you I'm willing and able
Willing and able, yeah, ayy

How you expect me not to take that trip
While you lookin' like this?
Willing to take that risk
Bet your skin feel like silk
Skin tone cereal milk

I bet you don't know that when I be watchin' you
I can see you watchin' me too
I bet you don't know when niggas be jockin' you
I be right there jockin' you too
I bet you don't know that when I be watchin' you
I can see you watchin' me too
I bet you don't know when niggas be jockin' you

I be right there jockin' you too (Hey)

Right now, right now, right now

Woah, ooh-ooh, yeah, yeah, yeah-yeah

Right now, right now, right now (Uh)

Right now, right now, right now

Woah, ooh-ooh, yeah

Right now, right now, right now

Right now, right now, right now
