

## Enter, Action

Sage the Gemini

My whole life has been a movie  
When I enter, action  
When I enter, action  
You love every interaction 'cause  
My life has been a movie  
When I enter, action  
When I enter, action  
Every situation be like  
Oh my wrist: splash  
Every bish bad 'round me  
When I enter: wishing for a pic  
Flash, Flash, Flash, Flash  
My whole life has been a movie  
When I enter, action  
When I enter, action

I pull up like I'm like important 'cause I am  
More than sure he gon' shoot his shot like 2-2-3, bang, bang  
I don't choose up, I ain't usual  
Leave 'em boohoo-ing  
Pop out they 'who dat?' No saint though  
Could change your life but I ain't though  
I could never make it money like it's eeny, meeny  
IHOP on it after Denny's, if I feel like giving  
Wanna put a baby in me  
So I look like Winnie  
I can't do, like, any of that  
Only want me 'cause I'm winning

My whole life has been a movie  
When I enter, action  
When I enter, action  
You love every interaction 'cause

Only wish is get the riches  
Me and all of my sis  
Throw the back out, no slip disk  
Hate I'm popping like this  
My whole life a movie  
Never pull my card, aye, go fish  
Whenever I step in  
I need quiet on the set  
I get a bish mad, like, this our life  
Never think twice,

I just swipe I  
Just swipe I  
My only wish, ambition, get the chicken  
Swish and dishing  
Free admission with your Mr. or your Mrs  
What you think that this is

All white wraith, the black top
