

## Kicks

## Sahara Hotnights

There've been some smash and grab burglaries  
in this town  
Took what they could find  
and they got kicks out of it  
everytime  
the perfect crime

and with the cherubic swines  
only waiting for the right move to show  
hey you beautiful bastards we're fooling  
the sons of the neighbourhood  
the perfect crime

Tell everyone that we always have round the clock service  
Go tell everyone that we steal and never show mercy  
Tell everyone we are now taking care of your brother  
let's take your skin  
let's take your skin

And they're been some smash and grab  
burglaries in this town  
the bloodhounds couldn't bark  
'cause they never left some mark  
so very professional  
perfect crime

As we're playing this wonderful game  
here's to all of you trying to understand  
we get kicks out of smelling our own breath  
our own breath
