

Wake Up

Sahara Hotnights

Did you wake up one long drawn out morning
úúúúúúúúúú blessed with the naked (head?)
where you feeling rather ashamed of your madness
when you found out that one body was missing
oh úúúúúúúúúú feel so fine
and it's time to clean up this mess, right now

And will you ever take it back
they have decided not to let you out
then will you ever take it back
they have decided not to let you out

And did you believe in every word he said
a storyteller and a thief, yeah he was a betrayer and a creep
and is the big black animal that moves in your maze
as you consider slicing your wrist, right now, so go on
Oh hey let's do this
