Tryna make a billion, fuckin' on pilgrims
Bitch is Brazilian, I ride with some criminals
Squid up but no tentacles
We hit the block and go barnacles
Run a bitch 'round the world before she can be my girl
Run a bitch 'round the world before she can be my girl
I'll run a bitch 'round the world before she can be my girl
Run a bitch 'round the world before she can be my girl
Before she can be my girl
