

All I Got

Said The Sky

I told you I would come back home
I know you hate to be alone
Instead of kissing you goodnight I'm kissing strangers
Always listen but I'll never learn
Shoulda been hanging on your every word
I was taking you for granted never realized the danger

And now I took too long
And now she's gone
If I only knew right from wrong
She'd be right back in my arms

All I got is you
All I got is you

I always meant to hold you closer
But I don't always do what I'm supposed to
Now you're slipping through my fingers and I don't know what to
do
And I keep hoping you call back
Can we forget about the past
Cause baby all I really want is you

And now I took too long
And now she's gone
If I only knew right from wrong
She'd be right back in my arms

All I got is you
All I got is you

4am and I cannot say goodbye
Crawling back home id do anything for you
And I'm sitting up awake and now I can't forget you and I don't
know what to do

Yea
