

## Nostalgia

Said The Sky

Shadows will fade  
On us this day  
They'll rip away  
All of our memories

I'll remind you  
I'll remind you  
I'll remind you  
I'll remind you

Time will wilts away  
Pictures will fade  
Lovers grow old  
Making their memories

I'll remind you all night long  
I'll remind you  
I'll remind you  
I'll remind you all night long  
I'll remind you  
I'll remind you

I do, I do it all for you  
I do, I do it all for you  
I do, I do it all for you  
I do, I do it all for you

I'll remind you  
I'll remind you  
I'll remind you  
I'll remind you
