

## Picture

Said The Sky

Now I'm waiting in the room  
Where you hold me close, but I'm alone  
And I wonder if I'll ever love again  
All the others that I need  
Aren't the same as you, don't feel like home  
Can't wait around for you  
Just to take the blame

I, I can't picture me without you  
I, I wish I could live without you  
Even if I couldn't get  
Over you, I'd want, I've tried to  
I, I, can't picture me without you

Aah, aah, aah  
Picture me without  
Aah, aah, aah  
Picture me without  
Aah, aah, aah  
Picture me without you  
Aah, aah, aah

Never thought I'd see the day  
That I'll walk away  
Now I'm alone  
And I wonder if I'll ever feel the same  
(Feel the same...)  
Find it harder to believe  
That you care for me (me-e-e)  
We've got nowhere to go  
We can't make it right

I, I can't picture me without you  
I, I wish I could live without you  
Even if I couldn't get  
Over you, I'd want, I've tried to  
I, I, can't picture me without you

Aah, aah, aah  
Picture me without  
Aah, aah, aah  
Picture me without  
Aah, aah, aah  
Picture me without you  
Aah, aah, aah

(Without you)
