

Beautiful Morning

Said the Whale

It's raining, it's pouring
You're bored and I'm boring
Indifferent to the weather warning
Let's get outta here.
"Oh, what a beautiful morning" you said.
"Let's get out of here, let's get out of here"

So we go up up up, up up the mountain
Up, up and down the valley we go
To carry our doubt to the river mouth
Find peace in what the river knows
Cast a line in the river of time
Find peace of mind, figure it out

It's raining, it's pouring
Dark when I woke up this morning
I can feel the weather warming
(let's get out of here)
Laying in bed it crossed my mind
"Find space and time, figure it out"
"Let's get out of here"

So we go up up up, up up the mountain
Up up and down the steep valley slope
Carry our hearts
To where the river starts
Find peace where the river flows
Cross a line in the valley of time
Find peace of mind, figure it out
It's a beautiful morning
It's a beautiful morning
It's a beautiful morning
Find peace of mind, figure it out
It's a beautiful morning

It's a beautiful morning
It's a beautiful morning
It's a beautiful morning
Find peace of mind, figure it out
It's a beautiful morning

It's a beautiful morning
It's a beautiful morning
Find peace of mind, figure it out
It's a beautiful morning
