

Come Alive

Saigon

Will you raise me from the dead? (Saigon)
Make me come to life again (I need all my people to)
Ahhh I won't be afraid (never afraid)
With your breath of life, inside my heart today (you don't have to die, to be dead)
(It's a lot of brain-dead, but you know what? We gotta)
Come aliiiiiiiiiii-iiiiiiiiiiiive (we gotta open our eyes)
Come aliiiiiiiiiii-iiiiiiiiiiiive (uh-huh)
Come aliiiiiiiiiii-iiiiiiiiiiiive (uh, uh, uh, uh)

I heard we 'bout to send the NAVY out to Syria
And niggaz yappin 'bout some Maybach interior
This the way of thinkin that made blacks inferior
It leaves one to wonder why is that the criteria
If I went for your censorship, now look at how big this is
You Illuminati in a new Bugatti, guess membership got its privileges
None of y'all could be the new 2Pac, we ain't hear about 2Pac's watch
We ain't care about 2Pac chain, the nerve of y'all to say 2Pac name
I don't think that y'all got that right, ain't near one of y'all 'bout that life
If I could turn back time, turn back crime, we'd all be better off without that night
Might be better off without that fight, the world'll be better off without that sight
'Pac in the car with Suge Knight? Nah, he would've been in the house that night
Now it's gettin harder each day, I don't know what y'all doin, we pray
Little Rock, Arkansas to BK, we start by the park, poverty play
Not just the artist, it's the DJ, the rider soundtrack to where we stay
You ask Jesus what would he do, what do you think that he'd say?

Will you raise me from the dead? (I think it's time for us to resurrect)
Make me come to life again (we can't be afraid to live, can't be afraid to die, for real)
Ahhh I won't be afraid (we can't be afraid)
With your breath of life, inside my heart today (gotta live, fight to survive)
(We gotta fight to survive, I need everybody to)
Come aliiiiiiiiiii-iiiiiiiiiiiive (I need all my people to)
Come aliiiiiiiiiii-iiiiiiiiiiiive (I need everybody, break down)

I done climbed a mountain, I done swam a ocean
You should move before I snap, that's that man in motion
People say when they hear me rap that they can hear devotion
I swear that this year that I'm back and I'm gon' clear that notion
that I fell off, not gon' work, that's like sayin that gettin shot don't hurt
I give God the praise Monday to Sunday and I ain't gotta be inside some church
Raise my daughter right she not gon' twerk, she marryin a gentleman and not some jerk
If by chance a jerk gotta come first, he gon' see how my shotgun work
You could put me up, culprit on a pulpit, we walk with God and never gon' forfeit
We borderline, never gonna cross it, he on that BS he best to come off it
What you smoke? For medicinal purpose, y'all must've forgot what a lyrical verse is

Sai' comin alive like a hit of my first shh, y'all... ya-ya, worthless
Icier than fire but I'm far from perfect, I scribe on my life, I survived th
e worst shit
I ride on y'all 'fore I ride in them hearses, swear 'fore God I done found m
y purpose
Now I lay me down to sleep, pray my Lord my soul to keep
If by some chance I don't survive, I need all of y'all to

Come aliiiiiiiiiii-iiiiiiiiiiiive (I need everybody to)
Come aliiiiiiiiiii-iiiiiiiiiiiive (I need all my people to)
Come aliiiiiiiiiii-iiiiiiiiiiiive (I need everybody to)
Come aliiiiiiiiiii-iiiiiiiiiiiive (we gotta resurrect, let's wake up)
Come aliiiiiiiiiii-iiiiiiiiiiiive
Come aliiiiiiiiiii-iiiiiiiiiiiive
