

Yeah, we finna get loose I'm the truth in this booth
I'm finna get loose we the truth in this booth

People know that I get loose in this booth
Only hot shit I produce in this booth
Rappers rap like they ain't used to this booth
Shit, I be tearing the roof off this booth
Busta Rhymes know who the truth in this booth
This track here being the proof in this booth
Lyrically, I'm no little youth you in this booth
My mind disappears like poof in this booth
I do it reggae style like KUF in this booth
You sound simple as Dr. Seuss in this booth

I remember going to stores to just boost
Taking mad shit off the rack, and then boof
Now all I steal is a track in this booth
You only a killer when you rap in this booth
You gone end up getting clapped in this booth
I said what I had to say it's a wrap for this booth

Lyrically, I'm no little youth you in this booth
Shit, I be tearing the roof off this booth
Lyrically, I'm no little youth you in this booth
I said what I had to say it's a wrap for this booth
Lyrically, I'm no little youth you in this booth
Only hot shit I produce in this booth
Lyrically, I'm no little youth you in this booth
I said what I had to say it's a wrap for this booth

I'm a legend on the board, legend in the booth
My flow will burn your chest like you sipping 82 proof
Never paid for a bot but my streams all true
The Vernon is the base as I stay on the move
Soul brother number one caught a Grammy in the booth
Madison Square, front row chucking up the Duss
Getting loose in this booth, one of a kind groove
Don't give me a sample that I can't abuse
Keep the change and keep the awards
But if I'm playing in the game, please keep my score
Hold the applause and hold your laughter
But if we ever do a deal, then I'm honing my masters

Lyrically, I'm no little youth you in this booth
Shit, I be tearing the roof off this booth
Lyrically, I'm no little youth you in this booth
I said what I had to say it's a wrap for this booth
Lyrically, I'm no little youth you in this booth
Only hot shit I produce in this booth
Lyrically, I'm no little youth you in this booth
I said what I had to say it's a wrap for this booth
