

## Lil B.I.G.

Saigon

I rock with Lil' Bibby but Lil' Pump is a lil' chump  
Body Lil' Yachty then give him some lil' lumps  
Probably just 'cause I'm older and got me a lil' grump  
'Cause when the kids get in the Rover, Lil' Yachty gettin' some bumps  
Lil' Durk putting in work, but fuck his lil' purp  
I stepped to his face and slapped that shit out his lil' smirk  
Lil' Boosie told Lil' Uzi take off that lil' skirt  
Son was still chillin', his feelings just got a lil' hurt  
Lil' Xan keep a lil' gram in his lil' hand  
That kid be high as that Dipset bird  
Word to Killer Cam  
Lil' Fizz fizzled out, he was hot for a lil' bit  
Me and Lil' Fame had a lil' beef over lil' shit  
Hovie told me you can do a lot with a lil' bit  
Independent, I can make a knot off a lil' hit  
All it take is a lot of hustle, a lil' muscle  
Shit ain't rocket science like solving a lil' puzzle  
It's funny how Lil' Weezy be stunting like his daddy  
And Lil' Eazy is nothing like his daddy, this makes me unhappy  
When it come to Lil' Dicky, shit get a lil' tricky  
Not that he mad ill, but he kinda a lil' sicky  
And it's a lil' fowl when they say "Lil' mama's  
Really Lil' Bow in a wig with a lil' style" that's wild  
Saigon is a basket case  
Niggas say I'm pussy  
I dare you to come ask for a taste  
If I was pussy, I'd be worse than having AIDS  
Nigga been sick so long, I'd have already passed away  
Now you catch me out in lil' Haiti with Lil' Baby  
Wa-wa-wa, bitches think I'm a lil' crazy  
When pockets look a lil' slim I get a lil' shady  
Then go and grab that big mag and that lil' .380  
And Lil' Nas X does not got next  
'Cause we ain't from the Old Town Road, we out the projects  
I'm just playing with y'all lil' niggas, man  
We big boys nigga, we go big  
The bigger he come, the bigger the impact of the fall  
I don't eat McDonalds but I keep this Big Mac in my drawer  
I was taught to go big with my back against the wall  
Free my nigga BG and Big Black down there in New Or' (New Orleans)  
Biggie Rhyme told me how to aim for big things  
Big chains, big rings, shit everything big sing  
Bigger, big B.S.F. Benny cause that's a friend of me  
They big in the plug like Big Demetrius Flenory  
Time is money, you looking nothing like Big Ben to me  
Even when the small talk, giddy, bring big energy  
My gat'll bang yet I'm still repping that good daddy gang  
Slang off of my aura is rawer than Big Daddy Kane  
Big bottles of Ace, Cristal, was tryna front on us  
Now we pour Chris in Rivers like the son of Big Punisher  
I used to like Big Mike  
But not nearly as much as Big Syke  
They both was gansta, but consciousness get the kid hyped  
Was on a big ledge, Big Lizzo, the lady divas  
Rest in peace to Big Al and Big Baby Jesus  
Back to the big chicks  
That coochie got big lips?

Big booty, big tits  
I'll give you some big dick  
Shout out to Big Krit, Big Tymer\$ and Big Sean  
I thought Ass was trash, but it was a big song  
This not a diss, I'm keepin' it a bone with it, nigga  
We thought 9/11 was big, shit Corona was bigger  
We thought Kobe dying was big, shit Corona was bigger  
We thought Corona was big, but shit Saigon picking up the microphone again  
No lie, it's like a tie (It might be like a tie)
