

The MF Effect

Saigon

We call this one "The MF Effect," "The MF Effect." Peep game

They call it
MF, motherfucking metaphorical fire
Most fear my flow, my fashion is more flyer
Matter fact, the masses familiar with getting mind-fucked
For my family, my future, my friends, my four-five tucked
My fault. My face might favor my father, my fearless
Mind frame from mama, favorite material Ferragamo (MF)
Misfortunate motherfuckers misleading
For my fate is to be more famous than Morgan Freeman
More fire making fucking microphones malfunction
With MF, I DOOM, you motherfuckers moist as a muffin
Manifesting my future might feel marvelous
My fan club mobbing from Massachusetts to Florida
Massa, free my folk or end up in a minefield
Malcolm fought, Martin fell marching to keep our mouths filled
Man, many falsehoods make fathers miss fatherhood
Maybe from mama's fantasy to monetize family

Abandoned Nation, nigga! Uh! Y'all know how it go. G Rap, what you got?

Yeah
Watch G Rap, most feared, there's many factors
Many factions and many... get many fractures
Mangle frames
Not the man to fold, dismantle foes, massacre flows
Mortuary roses show 'em how a man'll fold
Parade on your party, metal firearms, Montana flow
Move like the military, forced to stand in a can of smoke
Much fishscale mountains are mad flaky
Fuck with that boy Kevin Spacey
Mad fellatio from the mouth of Felicia
She loving these manly features
Captain Morgan fortunately in the freezer
A milligram on my fuego, you get freezed up (MF!)
Mob family bossy, Fredo, I stayed G'd up
Money function
You missed the discussion
Don't mix 'em for nothing
Your business little to nothing like when midgets was fucking
I'm from where the mugging is fluent, the robbery's current
Many freaks of niggas we chop when their muffin is flooding

My "MF Effect's" like the new "Protect Ya Neck"
Y'all niggas gon' respect the vets
When I do this type of shit, I call it "best of the best,"
And when G Rap sent his vocals back, I was rather impressed
We always doing the most, but, yet, nevertheless
They ain't even get "Letter P" in, it's "The MF Effect,"
But hey, what I say? Doing Hip Hop My Way
M-dash-F Monday through Friday

Ha! Y'all ain't even catch that
