

Stop That Man

Sailor

("Stop that man!")

Running, running, running, running
Running, running, running, running...
Stop that man!
Stop that man!

He's been around doing awful things
Scared the life out of girls in the neighbourhood
(He's tough, tough as they come down here)
In and out of the local joints
Dipping into the cash as best he could
(He's quick, quick as they come down here)

Stop that man!
Stop that man!

Someone said he's a crazy guy
Who went nuts when his mother passed away
(He's mad, mad as they come down here)
But he's nobody's two-bit fool
The fact is that he always gets away

Get him (get him)
Get him (get him)
Get him now!
Get him (get him)
Get him (get him)

No matter how!
Running, running, running, running...
Stop that man!
Stop that man!

You've got to stop him - stop him now!
There's not a single safe place for girls to go
(No place, no place for girls down here)
Why don't you put out an A.P.B.
Or put a word in the news on the radio

Get him (get him)
Get him (get him)
Get him now!
Get him (get him)
Get him (get him)

No matter how!
Running, running, running, running...
Stop that man!
Stop that man!
