

## Beast

Saint Asonia

I'm not running away from  
This part of me  
And I'm not falling away now  
I still believe  
And I'm not closer to killing  
And I won't change  
There's still war for the willing  
The darkest rage

You'll never take me alive  
I'm not hiding from this  
I'm fighting with this  
Beast inside  
Will it ever die?  
Will it ever leave me alone?  
Leave me alone

I know I can't control it  
The things I see  
And I've lost all of the anger  
Inside of me  
And I'll get closer to living  
Another way  
There's no help for 'the hunted'  
Give me one more day

You'll never take me alive  
I'm not hiding from this  
I'm fighting with this  
Beast inside  
Will it ever die?  
Will it ever leave me alone?

I won't break this time, I promise you  
I won't break this time, I'll find my way

You'll never take me alive  
I'm not hiding from this  
I'm fighting with this  
Beast inside  
Will it ever die?  
Will it ever leave me alone?  
Leave me alone
