

# Wolf

Saint Asonia

It's hard to face all the feelings  
Pretending that I'm not bleeding  
I'm out of my head  
I'm leaving for dead  
Heart skips, pulse hits the ceiling  
Cold sweats, the nightmare revealing  
Its all in my head

When it all goes down the darkness comes out  
The darkness comes out

When it all goes down  
The savage comes out  
Everyone's a wolf  
Everyone's a wolf  
When the walls at your back  
You're under attack  
Everyone, everyone's a wolf

I'm tracking the moves that you're making  
I sense you're not far from breaking  
In the unknown  
I'm not alone  
Feeding on lies and betrayal  
This coffin's on its final nail  
It's all in my head

When it all goes down the darkness comes out  
The darkness comes out

When it all goes down  
The savage comes out  
Everyone's a wolf  
Everyone's a wolf  
When the walls at your back  
You're under attack  
Everyones a wolf  
We're biting we're crawling  
Never giving up, never giving up  
We're killing, surviving  
When's enough enough  
Everyone, everyone's a wolf

When it all goes down  
The savage comes out  
Everyone's a wolf  
Everyone's a wolf  
When the walls at your back  
You're under attack  
Everyone's a wolf  
We're biting we're crawling  
Never giving up, never giving up  
We're killing, surviving  
When's enough enough  
Everyone, everyone's a wolf
