

## Action

Saint Etienne

Drift along  
Drift along  
Gonna find them  
Drift along  
Gonna find them  
Drift along (repeated)

Need to make is special  
Need to make it new  
Looking for the action  
Something more to do  
Underneath the pavement  
Towers in the clouds  
Gotta find the action  
Need it soon  
Right now

Drift along (repeated)

[Chorus (2x):]

Cause I've been searching for all the people  
I used to turn to and  
All the people who knew the answers  
Let's get the feeling again

Back in sweet suburbia  
Middle of the road  
Looking for the action  
Everywhere I go  
Need to make it special  
Need to make it knew  
Looking for the action  
Something more to do

Drift along (repeated)

[Chorus (4x):]

Cause I've been searching for all the people  
I used to turn to and  
All the people who knew the answers  
Let's get the feeling again
