

Been So Long

Saint Etienne

I knew when you
Came 'round here to see me
You'd stay here 'til the morning
Can't stop myself from falling
In love with you
You know we'll never be the same

Been so long
It's been so long
I'm tired of being alone
There's a way to go
Honey I know now
I'm calling you on the phone

Pretending nothing has changed here
But strangely familiar tracks are falling
You came without a warning
I'm glad you're here
To take these lonely tears away

Been so long
It's been so long
I'm tired of being alone
There's a way to go
Honey I know now
I'm calling you on the phone
On the phone

Been so long
It's been so long
I'm tired of being alone
There's a way to go

Honey I know now
I'm calling you on the phone
On the phone
On the phone
