

Carnt Sleep

Saint Etienne

You know the hurt's
so deep
that I can't sleep or eat,
and what I'm hoping for
is to feel your kisses sweet.
If we could just talk
things might be a little more clear.
I really need the chance
to explain the way I feel.

I can't sleep (can't sleep),
thinking of you constantly,
I can't sleep (can't sleep),
wishing you were here with me.
I can't sleep (can't sleep
where are you please(?))

When I get home from work,
sit down and watch TV,
The night falls
just like a bad dream.

I can't sleep (can't sleep),
thinking of you constantly,
I can't sleep (can't sleep),
wishing you were here with me.
I can't sleep (can't sleep
where are you please(?))

I can't sleep (can't sleep),
thinking of you constantly,
I can't sleep (can't sleep),
wishing you were here with me.
I can't sleep (can't sleep
where are you please(?))
