

Fade

Saint Etienne

I don't wanna start a fight
I don't wanna leave tonight
I don't wanna see you shattered
Holding somebody's hand
But, baby, understand
Loving you really matters

Do you wanna go now?
I don't really know how
But I'm sure I'll make it
I don't wanna fake it
I don't think you know the way you want to go

But I can see our love
I can feel our love
I can feel our love fade

Watching it slip away
I don't know what to say
I only know, it breaks me
Don't wanna prove a point
I want to be with you
No matter where it takes me

Do you wanna go now?
I don't really know how
But I'm sure I'll make it
I don't wanna fake it
I don't think you know the way you want to go

But I can see our love
I can feel our love
I can feel our love fade

How do you want it to be?
Won't you trying to tell me?
Where do you take this
And what you wanna make this?

But I can see (I can see)
But I can see (I can feel)
But I can see
I can feel it fade

But I can see our love (I can see)
I can feel our love (I can feel)
I can feel our love (I can feel it fade)
I can see our love
I can feel our love
I can feel our love fade

I can see, I can feel
I can feel it fade
I can see, I can feel
I can feel it fade
