

## Got It Together Again

Saint Etienne

Be now doing what we had to do  
Now we got it together again  
Be now doing what we had to do  
Now we got it together again

I've been working for a girl named Sue  
Yeah, I've been doing what my Daddy told me to  
You better...

Be now doing what we had to do  
Now we got it together again  
Be now doing what we had to do  
Now we got it together again

Guess what? I've been good and I've been mean  
And I've been looking for a Coke machine

Be now doing what we had to do  
Now we got it together again  
Be now doing what we had to do  
Now we got it together again

This the end of the track?  
Do you want a drink, Nathan?  
Mmm... please  
You've spilt it!

Now it's time to go, it's time to go and get another drink  
Yeah, come on, Sarah  
And leave this place
