

## Take It All In

Saint Etienne

It doesn't matter where you've come from  
It doesn't matter where you've been  
I've no interest in touring bygones  
Or the spaces in between

There's a cutting in the hillside  
You can see for miles around  
If you ever wanted to decide  
It's where the answers can be found

You've gotta stop and let yourself  
Take it all in  
Sometimes you gotta drop it all  
And just take it all in  
So smile and get it on  
Just take it all in  
Then you'll begin  
To really see

No one said it would be easy  
No one told you it would be fun  
But you're gonna have to believe me  
The party's just begun

You've gotta stop and let yourself  
Take it all in  
Sometimes you gotta drop it all  
And just take it all in  
So smile and get it on  
Just take it all in  
Then you'll begin  
To really see
