

Glitching

SAINt JHN

I'm glitchin
Feel like we been through this before
Or am I tripping
It don't feel different
My mind is slipping
Is it past or a premonition
Girl I feel crazy

This ain't how the Lord made me
Maybe maybe
Are you still my baby
I ask myself this daily

And can you go slowly
When you leave
Can you go slowly
You take the lead
I'm letting go slowly
Let's make believe
And can you go slowly
I'm not what you need

And baby I'm glitchin
Suffering from indecision
I've been drinking, rocking wrong prescriptions
Is it me or there's been something missing
Can't give you my full submission
Girl I feel crazy
This ain't how the Lord made me
Maybe maybe
Are you still my baby
I ask myself this daily

And can you go slowly
When you leave
Can you go slowly
You take the lead
I'm letting go slowly
It's make believe
And can you go slowly
I'm not what you need

And can you go slowly when you leave
