You my bitch, you're my bitch  
I shouldn't put my hands on your hips, they watchin' this  
And I just gave my credit card  
Darlin' so that means they have all my documents  
Just you and I in this room right now only space for two occupants  
You lockin' it, you poppin' it, CashApp a bitch

Yeah, yeah, I'm ready, just serve it bitch  
Yeah-yeah, it's heavy, and money is just elegant  
Yeah, and I know already, I'll CashApp a bitch

They told me you not religious just because you twerkin' for money when I throw it up  
You deserve a choice, you deserve a voice  
Pretty girl, you old enough

I'll only slow you up  
I would rather big you up, flick you up  
Pick you up, toast you up

I just wanna fuckin lap dance right now  
I don't wanna have to do a task right now  
Prayin' they never ever ask right now  
No, I shouldn't drink right now, but I poured up a glass right now  
'Cause I'm all the way up, but she's halfway, now  
You are so beautiful  
I know everybody tells you that  
I know it's not special even comin' from me  
But you deserve to hear it, 'cause your spirit's purest, you been good heart by me  
I never get to know you, but I'm sure you have a lot more underneath  
And you told me you like Peso, but I know that's CashApp a bitch
