SAINT JHN

Picture me ballin'  
Picture me with the fifth of Henny, something foreign  
Picture me ridin' round here with a Benzo  
Picture me blunted with the tints on the window  
You could see by the looks of it I got the feelin'  
I told them bitches I'm something they should believe in  
I told my mama they can't reach me, hit the ceilin'  
Baby this is just the beginning, it's preseason  
I know that you can tell I got it though

Gotta go get it that the reflex  
I know you can tell the winners by how we flex  
I ain't playin' with theses niggas, ain't no recess  
Next time I look around nigga way up, way up, way up, way up

Only bad bitches 'round here  
I swear, it's only bad bitches 'round here  
I mean, it's only real niggas 'round here  
You know, it's only real niggas 'round here, I said  
Only bad bitches 'round here  
I swear, it's only bad bitches 'round here  
I mean, it's only real niggas 'round here  
You know, it's only real niggas round here

Picture me speedin'  
Picture me rollin' something up to chase the demons  
Ah that Cohiba really helped me slow the breathin'  
You see these niggas 'round me, they all pledge allegiance  
I never change for nothing, nigga that's some true shit  
I got a mil, you got a mil, that's just some crew shit  
They tryna stay afloat, I'm tryna build a cruise ship  
I spent a half a decade workin' on the blueprint  
Ay boy, we bout to hit the pot of gold

Gotta go get it that the reflex  
I know you can tell the winners by how we flex  
I ain't playin' with theses niggas, ain't no recess  
Next time I look around nigga way up, way up, way up, way up

Only bad bitches round here  
I swear, it's only bad bitches round here  
I mean, it's only real niggas round here  
You know, it's only real niggas round here, I said  
Only bad bitches round here  
I swear, it's only bad bitches round here  
I mean, it's only real niggas round here  
You know, it's only real niggas round here

I been gettin' too fuckin' drunk nigga  
High, been gettin' too fuckin' blunted lately  
I just keep true, share one with you  
Blame that liquor but it's how the world made me  
I been movin' too fast I need to slow down  
Said too many things that I shouldn't have said  
Hey, just point out anywhere you want to go now  
Now, I swear these niggas don't know what it takes

Only bad bitches 'round here  
I swear, it's only bad bitches 'round here  
I mean, it's only real niggas 'round here  
You know, it's only real niggas 'round here, I said  
Only bad bitches 'round here  
I swear, it's only bad bitches 'round here  
I mean, it's only real niggas 'round here  
You know, it's only real niggas 'round here, I said
