

1001 Nights

Saint Levant

What do you think when you think of an Arab?
Somebody with a towel on their head
A camel, and maybe some sand
Wanna throw a pyramid in there?
Well, guess who's here?

Saint Levant Don, see the momentum
Online but we in this together
Shohada but they living forever
Falasteeni means to never surrender

Wasta, it's a whole 'nother level
Independent and I'm doing it better
Kanafani, I'm a national treasure
Thousand and one nights in the desert, I'm

Yeah
Talib zarga wallah 3ami Ya reit
Bidak hawitee Batali3 il fake (Kos o5tak 3ala o5t o5tak)

Bi Haifa basakir masada

Bi Haifa basakir masada
Ana insan ma basami7
Kolna kolna nas fasada
Kolna kolna nas fasada, Yeah

Dr. Said, in what important ways are Arabs different from the stereotypes we
've heard about?
Arabs are the inheritors of a extraordinary civilization

Too many nights over here
Too many nights in the desert, for real (For real, for real, for real)
Thousand and one in the field
Never believe what you hear, for real

Rester claire c'est pas toujours Evident
Min tofoolti jvoulais être le president
Never stress Ba5aleeha 3alal Allah
Saint levant enfin dans mon element

Independent in the worst way
You only see me on my worst days

It was tempting but I chose faith
Mar al mashriq on the runway

Too many nights over here
Too many nights in the desert, for real
Thousand and one in the field
Never believe what you hear, for real
